MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Policy Memorandum #1-3, Physical Training (PT) Run Policy

1. To provide a safe environment for physical training (PT) and maintain good relations with local community residents, we have established the following guidance for units conducting PT runs.

2. Ledward units will restrict their formation runs to the tank road (Heeresstrasse) and the track at Kessler Field. Units will exit Ledward only by the west (tank road) gate.

a. Platoon and larger size formations will not run through residential areas. The Senior Tactical Commander or Commander, USAG Schweinfurt may grant exceptions to route restrictions.

b. Formations will provide road guards to ensure safety and adequate clearance for the passage of pedestrians, cyclists and vehicles using Heeresstrasse. PT formations have priority.

c. Formations will observe all traffic rules and safety precautions. Units will provide road guards in the front and rear of the formation. All road guards will use reflective vests and flashlights.

d. Although a maneuver rights area, unauthorized German and American motorists often use Heeresstrasse. Consequently, units must use extreme caution when using this road.

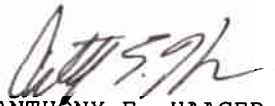

3. Single runners do not need to stop on Heeresstrasse, however, observe all traffic laws and be considerate of local residents while running. Runners will not wear headphones while running on public roads.

4. All road guards and single runners must wear reflective apparel during hours of limited visibility.

5. Commanders will ensure all soldiers understand and comply with this policy whether running in formation or alone.

6. The point of contact for this policy letter is the Garrison Command Sergeant Major at DSN 354-1520.

"Pride, Professionalism, Teamwork"

ANTHONY E. HAAGER
LTC, QM
Commanding

Distribution:

This Policy Memorandum supersedes Policy Memorandum #1-3, dated 8 Dec 04, and remains in effect until superseded.
